HISTORY OF BEAVER CREEK LODGE

Beaver Creek Lodge was created in the late 1980's by Robert Whipple, a consummate farmer and outdoorsman from Knox, NY who loved the beauty of the Tug Hill region. Bob envisioned a place where one could come and enjoy the bounty of nature, while staying in a place with all the comforts of home. Whether you come for hiking, hunting, snowmobiling, 4-wheeling, skiing, fishing, communing with nature or just plain escaping the normal grind, Beaver Creek Lodge offers the perfect home base. Today, that vision is continued by Bob's three children, who invite you to come experience Tug Hill and Beaver Creek Lodge.
